

# Michał Koptewicz

Junior Front-End Developer

**E-mail** [mkoptewicz@gmail.com](mailto:mkoptewicz@gmail.com)

**Numer telefonu** +48 691 675 320

**GitHub** [www.github.com/mkoptewicz](https://www.github.com/mkoptewicz)

I am a beginner front-end developer, ready to take on new challenges. When it comes to learning programming, the most satisfying thing for me was getting to know new technologies and solving problems. Focus, curiosity and analytical thinking are the main features that will help me in my work as a programmer. I encourage you to familiarize yourself with my projects:
